

CLEARING REFERRAL DETERMINATION NOTICE

Referral details

Referral number:	REF 11051/1
Referral submitted by:	Mr Joshua Joseph Laing
Purpose of proposed clearing:	Installation of power supply
Location of proposed clearing:	Old Raymond Road Reserve (PIN 1361585 and 1132203)
Locality:	Roelands
Clearing size:	0.036 hectares

Referral determination:

The Department of Water and Environmental Regulation has considered the above referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that a clearing permit **is required** for the proposed clearing of the area cross-hatched orange on the attached map detailed in Schedule 1 (the referral area).

The reason for this determination is that areas within the proposed clearing do not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- there are known or likely significant environmental values identified within the referral area; and
- there are issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.

Caitlin Conway
MANAGER
NATIVE VEGETATION REGULATION

*Officer delegated under section 20 of
the Environmental Protection Act 1986*

12 June 2025
