

## CLEARING REFERRAL DETERMINATION NOTICE

### Referral details

Referral number:	REF 11144/1
Referral submitted by:	Shire of Esperance
Purpose of proposed clearing:	Road upgrades
Location of proposed clearing:	Gibson-Dalyup Rd Reserve (PIN 11642280)
Locality:	Gibson
Clearing size:	0.121 hectares

### Referral determination:

The Department of Water and Environmental Regulation has considered the above referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that a clearing permit **is required** for the proposed clearing of the area cross-hatched orange on the attached map detailed in Schedule 1 (the referral area).

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- The vegetation proposed to be cleared is mapped within a highly cleared vegetation association and the clearing area is located within an extensively cleared landscape.
- The above impacts would arise as a result of the proposed clearing and are likely to require conditions to manage or mitigate effects on the environment.

Yours sincerely,

Jessica Burton  
MANAGER  
NATIVE VEGETATION REGULATION

*Officer delegated under section 20 of  
the Environmental Protection Act 1986*

1 July 2025
