Department of Water and Environmental Regulation

Department of Energy, Mines, Industry Regulation and Safety

Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (maps etc.). The Department of Water and Environmental Regulation (DWER) or Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) will return/decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

Part 1 – Form type

| Select your form type. | ⊠ Referral of prediction in the prediction | oposed clearing (section 51DA of the EP Act) | |
|---|--|---|--|
| Note: Where appropriate in this form, and unless stated otherwise, the terms 'application' and 'applicant' also mean 'referral' and 'referrer' respectively. | | r an area permit (section 51E of the EP Act) r a purpose permit (section 51E of the EP Act) | |
| | | | |
| Which department are you submitting this form to? If the clearing is for mineral and petroleum activities authorised under the <i>Mining Act 1978</i> , the various petroleum Acts, and/or a State Agreement with areas covered by either mineral or petroleum tenure granted under one of the abovementioned Acts, select 'Department of Energy, Mines, Industry Regulation and Safety'. For all other clearing activities, select 'Department of Water and Environmental Regulation'. | | □ Department of Energy, Mines, Industry Regulation and Safety □ Department of Water and Environmental Regulation | |

Part 2 – Applicant details

2.1 Applicant name

| For area permits: | ☐ Applying as an individual – complete the following: | | |
|--|--|-----------------------------------|--|
| If granted, the name(s) of (all) | Title | □ Mr □ Mrs □ Ms □ Other: | |
| landowner(s) will be listed as | Name(s) | | |
| 'permit holders' on the permit. | □ Applying as a body corporate or other entity formed at law – complete the following: | | |
| For purpose permits: | Name | Image Resources NL | |
| If granted, the name(s) of (all) applicant(s) will | Australian Co | mpany Number (ACN) 57 063 977 579 | |
| go on the permit. | | | |
| | Name | | |

2.2 Applicant contact details

Provide the contact details for the above (primary contact).

| Title |
|---------------|
| First name |
| Last name |
| Position |
| Company name |
| Phone number |
| Email address |

2.3 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

| Address line 1 | PO Box 469 |
|----------------|------------|
| Address line 2 | |

| Suburb | | | | | | |
|--|-----------------------------------|---------|---------------|-------------------|------------|------|
| State | | | | | | |
| 2.4 Applicant contact - reg | istered busines | ss addr | ess | | | |
| If applying as a company, incorplease also supply the registere | - | _ | | ority or public a | authority, | |
| Address line 1 | | | | | | |
| Address line 2 | | | | | | |
| Suburb | | | | | | |

| Business or postal address line 1 | |
| Business or postal address line 2 | |
| Suburb | |
| State | Postcode |

Part 3 - Land details

- You must accurately describe the location of the land where your clearing is proposed.
- Provide copies of associated documents registered against the Certificate of Title (limitations, interests, encumbrances or notifications) where the clearing may impact them (i.e. caveats within freehold Lots).
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

| relevant details in an attached supporting document. |
|--|
|--|

If 'No' – complete the following:

| Location 1. Lot on Plan R 2326 Land ID Number 3056687 Sunset Rd, Arrino, Shire of Three Springs Location 2. Lot on Plan P117439 2883 Land ID Number 2021588 Midlands Rd, Yandanooka, Shire of Mingenew | | | |
|---|--|---|--|

Arrino, Shire of Three S Location 2. Yandanooka, Shire of N WA Postcode Location 1. Shire of Three Springs Location 2. Shire of Mingenew | |

Part 4 - Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- a certificate of title
- · a pastoral or mining lease
- · public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

| Relationship to landowner (select one of the following options) | Complete the following |
|---|---|
| ☐ I am the landowner | ☐ Attach proof of ownership |
| ☐ I am lodging a form on behalf of the landowner (e.g. a consultant) | ☐ Attach proof of ownership |
| ☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form) | ☐ Attach proof of ownership ☐ Attach a letter, in which the landowner authorises you to act on their behalf and acknowledge they will be jointly responsible for the clearing permit |
| ☐ I am likely to become the landowner | ☐ Attach evidence of the pending transfer of ownership, including details of current proprietor on certificate of title, and/or contract of sale ('offer and acceptance') |
| ☐ I will undertake the clearing activities with the landowner's authority and will be the permit holder | □ Attach proof of ownership □ Attach a letter, in which the landowner authorises you to access and clear native vegetation within the property(ies) as detailed in section 3.1 (if the applicant is not the landowner) |
| ☐ I am a person with multiple land parcels within which clearing is proposed | ☐ Attach proof of ownership and/or ☐ Attach letters, in which the landowner authorises you to access and clear native vegetation within the properties as detailed in section 3.1 (if the applicant is not the landowner) |
| ☑ I will undertake the clearing activities through the exercise of power conferred by different legislation (e.g. the Energy Operators (Powers) Act 1979) | □ Provide relevant legislative details: Energy Operators (Powers) Act 1979 |

Part 5 - Proposed clearing

5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: DWER/DEMIRS will decline/return forms (as applicable) if you do not provide sufficient information for this question.

☑ An ESRI shapefile with the following properties (preferred)

- Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude/longitude)
- Datum: GDA 2020

☐ An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

5.2 Size

- If you propose to clear a patch(es) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero). For example, "clearing of 5 hectares".
- If you propose to clear only individual trees (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees. For example, "clearing of 10 trees". If any shrubs, grasses, and/or groundcover plants may be damaged in the clearing process, enter the total area only.
- If you propose to clear an area of native vegetation within a larger footprint, enter the hectare value for the total size of the area to be cleared (mark number of trees as zero) and the size of the footprint. For example, 5 hectares of clearing within a 10-hectare footprint. This option is only available for purpose permit applications.
- Enter values for **both** number of trees and the size of the area **only if** you are clearing individual trees in one area **and** a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare = 10,000 m²

Area of circle = $3.14 \times \text{radius}^2$

1 acre = $0.4 \text{ hectares/4,000 m}^2$

Area of a rectangle = length x width

1 tree = 0.01 hectares/100 m^2 Area of a triangle = $\frac{1}{2}$ length x perpendicular height

| Total area of clearing proposed (hectares) | No clearing is proposed however, inadvertent clearing some vegetation within a combined total area of 0.12ha total may occur in the following locations: Location 1 – 0.08ha Location 2 – 0.04ha |
|--|---|
| Footprint of clearing (hectares) (purpose permit only) | |
| Number of individual trees to be cleared | |

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

5.3 Purpose

As part of an upgrade to the electricity Provide the reason for proposed clearing network required to safely provide power (e.g. road construction, grazing and pasture, hazard to the Image's Yandanooka Project. reduction, horticulture, timber harvesting etc.). Western Power have identified that safe operation of the system for a 4MW Load If applicable, provide any additional project overview requires Reconductor Works ("Feeder or explain in detail the activities on the property (e.g. Under Fault Rated Conductor (UFRC) provide context of work proposed and describe how upgrade to 7/4.75 AAAC"). clearing will contribute to overall work activities The reconductor work requires upgrading onsite etc.). of the transmission line between the main distribution line and the adjoining pole on a spur line at a number of locations including the two locations outlined in this referral. Western Power require the permit (or determination that the clearing is not significant) for "inadvertent destruction of vegetation". Specify what the final land use will be after clearing Landuse will remain unchanged ie Rural

5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)

Western Power have indicated that no clearing will be required but if there is a requirement will endeavour to use pruning instead of mechanical clearing

5.5 Timeframe

Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)

Start date: 1/9/2025

End date: 1/9/2027

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

5.6 Pre-application scoping

Historic clearing of native vegetation in the Swan Coastal Plain and Avon Wheatbelt Interim Biogeographic Regionalisation for Australia (IBRA) bioregions has been extensive.

DWER/DEMIRS strongly recommends a pre-application meeting if you propose to clear native vegetation within these bioregions.

| Do you propose to clear native | ☐ Yes – complete section below ☐ I have had a pre-application meeting with DWER/DEMIRS | |
|--|--|--|
| vegetation within the Swan Coastal Plain or Avon Wheatbelt bioregions? | Insert date of meeting and officer name(s): | |
| bioregions? | ☐ I have contacted DWER/DEMIRS in relation to a pre-application meeting and been advised that a meeting is unnecessary in this | |

| case. |
|--|
| Insert date of conversation and officer name(s): |
| ☐ I have not had a pre-application meeting with DWER/DEMIRS. I understand that this may increase the likelihood of requests for further information and/or delays in assessment. ☑ No – proceed to next question. |

Part 6 – Mitigation hierarchy

6.1 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing e.g. engineering solutions did you consider? (Attach design drawings where applicable)
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, DWER/DEMIRS will ask you to do so during the validation of this application. Offsets will only be considered by DWER/DEMIRS as a last resort, once avoidance and minimisation measures have been clearly demonstrated.

Provide the avoidance details (e.g. retention of vegetation on property) Western Power do not propose to undertake any clearing. In the event of any required impact to vegetation, the following wording is required by Western Power for Image to include in the referral and approval process:

ALL OTHER CONSTRAINTS HAVE BEEN CONSIDERED AND CLEARING WAS DEEMED THE MOST SIGNIFICANT IMPACT. METHODS TO AVOID AND MINIMISE CLEARING CONSIDERED DURING THE DESIGN PHASE INCLUDED;

1. PLACEMENT OF LAYDOWN AREAS, TURNAROUNDS ETC. IN PREVIOUSLY CLEARED LAND 2. UTILISATION OF EXISTING ACCESS TRACKS WHERE POSSIBLE

3. RESTRICTION OF WORKS TO EXISTING MAINTENANCE ZONE WHERE POSSIBLE

3. RESTRICTION OF WORKS TO EXISTING MAINTENANCE ZONE WHERE POSSIBLE

4. UTILISATION OF PRUNING INSTEAD OF CLEARING WHERE POSSIBLE

5. UTILISATION OF FARMER'S PADDOCKS AND PREVIOUSLY CLEARED AREAS WHERE POSSIBLE

6. UNIDER CROUNING OF CARLES AND DRIVENING INSTEAD OF TRENCHING

6. UNDERGROUNDING OF CABLES AND DRILLING INSTEAD OF TRENCHING

7. SELECTION OF JOINT AND ENTRY/EXIT HOLE LOCATIONS TO AVOID CLEARING OF (HIGH VALUE) VEGETATION

8. HELICOPTER INSTALLATION INSTEAD OF GROUND WORK

9. EARLY AND CONTINUAL ENGAGEMENT WITH WESTERN POWER ENVIRONMENT TEAM TO HIGHLIGHT PROPOSED RISKS AND AVOID WHERE POSSIBLE

10. USING LARGER LINE SPANS THAT CAN SPAN OVER VEGETATION

11. USING STRUCTURES WITH SMALLER FOOTPRINTS

12. IMPLEMENTING LOWER IMPACT CLEARING METHODOLOGIES, FOR EXAMPLE HAND CLEARING INSTEAD OF MECHANICAL CLEARING

| Provide the mitigation details (e.g. management of weed spread, rehabilitation) | See above | | | |
|--|--|---|--|--|
| 6.2 Offsets | | | | |
| Do you want to subn | nit a clearing offset proposal with your form? | □ Yes | ⊠ No | |
| If 'Yes' – please complete and attach Appendix A of the <u>Clearing</u> of native vegetation offsets procedure guideline as a supporting document for your form. | | | ndix A attached | |
| Part 7 – Surveys | for assessments (IBSA and IMSA) | | | |
| Do you want to submit marine or biodiversity surveys in support of your form? ☐ Yes ☒ No – skip to | | | No – skip to Part 8 | |

Part 8 – Assessment bilateral agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' before you submit this form. DWER/DEMIRS will decline to deal with your application without the proposed clearing first being deemed a controlled action.

| For further information, see DWER's guidan | ce on the assessment bilateral agreement. |
|---|--|
| Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process, such as the assessment bilateral agreement or accredited assessment? | ☐ Yes ☑ No – skip to Part 9 |
| Is your proposed clearing a controlled action? If 'Yes', please make sure you have entered all the mandatory details in the Annex C7 form | ☐ Yes EPBC number: ☐ Annex C7 form attached ☐ No (DWER/DEMIRS cannot assess the application under an EPBC Act Accredited Process) |
| List the controlling provisions identified in the notification of the controlled action decision | |
| Part 9 – Other approvals 9.1 Environmental impact assessmen | 3 |
| Clearing may be referred to the EPA if it is o | considered to be part of a 'significant proposal', as |

defined by section 37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER/DEMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under section 38(5) of the EP Act they must refer the proposal to the EPA under Part IV, if such a referral has not already been made.

| Has the proposed clearing or any related matter been referred to the EPA? | □ Yes |
|---|-------------------------------|
| | Enter details: |
| | No − complete question below. |

| If 'No' – do you intend to refer the proposal to the EPA? | ☐ Yes – intend to refer (proposal is a 'significant proposal') ☐ Yes – intend to refer (proposal will require a section 45C amendment the current Ministerial Statement) | | | | | |
|--|--|--|--|--|--|--|
| | □ No – a | a current valid Minis | sterial Statement applies | | | |
| | Enter Mi | Ministerial Statement number: | | | | |
| | ⊠ No – 1 | No – not a significant proposal | | | | |
| 9.2 Other approval the EP Act) | s – works | approval, licen | ce or registration (Part V Division 3 of | | | |
| Have you applied or do you intend to apply for a works approval, licence, registration or an amendment to any of the above, under Part V Division 3 of the EP Act? It is an offence to perform any action that would cause a premises to become a prescribed premises of a type listed in Schedule 1 of the Environmental Protection Regulations 1987, unless that action is done in accordance with a works approval, licence or registration. For further guidance, see DWER's Procedure: Prescribed premises works approvals and licences and Guideline: Industry regulation guide to licensing. 9.3 Water licences and permits (Rights in Water (surface water or groundwater) • a licence or amendment to a licence to take water (surface water or groundwater) • a licence or amendment to a licence to construct wells (including bores and soaks), or | | action or an e, under Part V action that would prescribed ledule 1 of the lations 1987, cordance with a stration.
