Referral details

Referral number:	APP 0034304 REF 11511/1
Referral submitted by:	Believe Mukungunugwa
Purpose of proposed clearing:	Community shop and temporary camp
Location of proposed clearing:	Lot 10 on Deposited Plan 75530 Pastoral lease (PIN 635263) Unallocated Crown Land (PIN 11651594)
Locality:	Mount Hardman
Clearing size:	18.362 hectares of native vegetation

Referral determination:

The Department of Water and Environmental Regulation has considered the above referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that a clearing permit **is required** for the proposed clearing of the areas cross-hatched orange on the attached map detailed in Schedule 1 (the referral area).

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

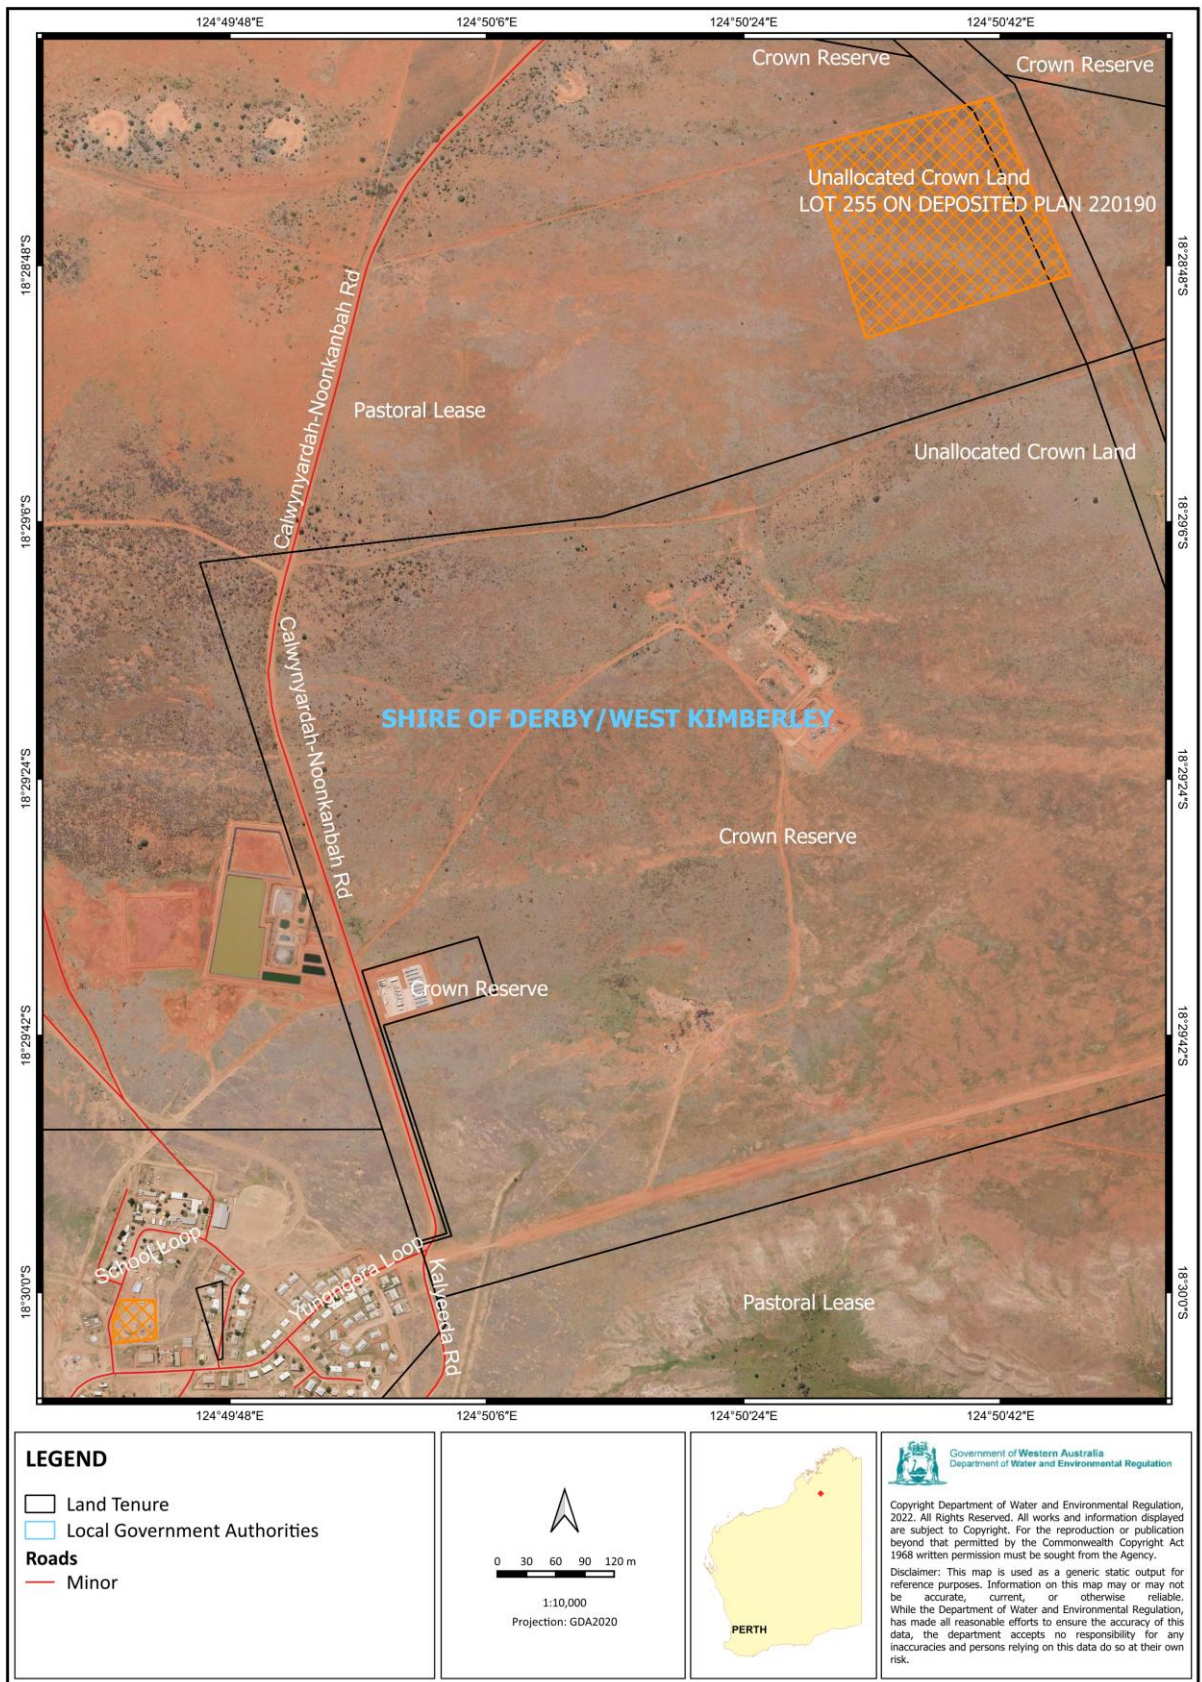

- the referral area is not small relative to the total remaining vegetation within the region in which the area is situated;
- the state of scientific knowledge about vegetation within the referral area is not adequate; and
- there are known or likely significant environmental values identified within the referral area.
