Application for a clearing permit (purpose permit)

Environmental Protection Act 1986, section 51E

FORM C2

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications, refer to the <u>Procedure: Native vegetation clearing permits</u> on DWER's website.

Part 1: Assessment bilateral agre	ement							
The native vegetation clearing processes under Part V of the Environmental Protection Act 1986 (WA) (EP Act) have been accredited by the Commonwealth of Australia under the Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) and can be assessed under an assessment bilateral agreement.	Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?							
		Yes	EPBC Number	r:				
	\boxtimes	No	Proceed to Pa	rt 2				
	List the controlling provisions identified in the notification of the controlled action decision.							
To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' prior to submitting this application form.								
For further information see Form Annex C7 and A guide to native vegetation clearing processes under the assessment bilateral								
agreement available at www.der.wa.gov.au/our- work/clearing-permits.		Form	Annex C7 is co	mple	te and the required supporting information is attached.			
Part 2: Land details								
The location of the land where clearing is proposed must be	Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.							
accurately described.	Miscellaneous Licences L47/221, L47/844, L47/852 and L47/854. Land Administration Act Leases: I123646, N104329 (Formerly CL38/1980), N104744, N104346 (Formerly CL15/1979), I195323 and N104747.

Applicant contact details											
If applying as a company or incorporated body, please also supply the registered business office address.											
DWER and DMIRS prefer to send all correspondence electronically via email.											
We request that you consent to											
receiving all correspondence relating to instruments and notices under Part V of the EP Act ("Part V documents") electronically via email by indicating your consent in this											
section of the application form.											
Where 'yes' is selected, all correspondence from DWER or DMIRS (as applicable) will be											
sent to you via email, to the email address provided in this section.											
Where 'no' has been selected, Part V documents will be posted to you in hard copy to the postal/business address you have provided in this section. Other general correspondence may still be sent to you via email.											

Part 3: Applicant details (continue	ed)						
Authority to access land							
To apply for a permit you must be the landowner, or have the authority of the landowner to access the land and undertake the clearing. Evidence of authority can include, for example, a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give land access permission.	State the nature of the applicant's authority to access the land to be cleared. [Attach evidence of authority. Note that a letter of authority must explicitly state that applicant has authority to clear on the land and must be signed by a person with authority to give land access permission.] Tenement and Lease holder.						
Landowner's ownership of land							
A landowner can be: • a person who holds the certificate of title;	The landowner's form of ownership is: Certificate of title [Attach a copy of the certificate and all associated encumbrances with the application – available from Landgate].						
 a person who is the lessee of Crown land; or 	Pastoral lease [Attach a copy of the lease and all associated encumbrances].						
a public authority that is responsible for care of the land.	Mining lease.						
	Public authority that has care, control or management of the land.						
	Other form of lease, land tenure or specific arrangement.						
	Please state:						
Contact details for enquiries							
If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with concerning this clearing application.							

Part 4: Proposed clearing62.7										
An aerial photograph and/or map with a north arrow must be attached, clearly marking the area proposed to be cleared or if you have the facilities, a digital map on a suitable portable digital storage device of the area to clear as an ESRI shapefile with the following properties: Geometry type: Polygon shape Coordinate system: GDA 1994 (Geographic latitude/longitude) Datum: GDA 1994 (Geocentric Datum of Australia 1994).	Total area of clearing proposed (hectares) 62.7									
	and/or									
	number of individual trees to be removed									
	Proposed method of clearing:									
	Blade down.									
	Purpose of clearing:									
	To construct a new 220 kV transmission line and substation. Also required for the decommissioning and rehabilitation of the existing 220 kV transmission line and substation.									
	Period within which clearing is proposed to be undertaken, e.g. May 2020 to June 2020 (taking note of the published assessment timeframes for DWER / DMIRS, as applicable)									
	From January 2022 to January 2027									
An ESRI shapefile must be	Final land use:									
provided if the application requires an assessment under an EPBC Act accredited process.	220 kV transmission line and associated facilities.									
You must provide evidence that avoidance and mitigation options have been pursued to eliminate, reduce or otherwise mitigate the need for, and scale of, the proposed clearing of native vegetation.	Have alternatives that would avoid or minimise the need for clearing been considered and applied?									
	If yes, provide details:									
	Clearing will only be undertaken where required and minimised where required.									
Refer to DWER's <u>Clearing of</u> <u>native vegetation offsets</u> <u>procedure guideline</u> available on the DWER website, and the Environmental Protection	Do you want to submit a clearing permit offset proposal with your application? ☐ Yes ☐ No									
	If yes, provide details, and complete and attach Appendix A of the <i>Clearing of native</i> vegetation offsets procedure guideline.									
Authority's (EPA) <u>WA</u> <u>Environmental Offsets Policy</u> <u>and Guidelines</u> on the EPA website for further information.
