

CLEARING REFERRAL DETERMINATION NOTICE

Referral details

REF number:	REF 9488/1
Referral submitted by:	Rivenleigh Pty Ltd
Purpose of proposed clearing:	Positioning of a boring machine to facilitate underground power connection by Western Power
Size of proposed clearing:	0.001 hectares
Location of proposed clearing:	Lucy Road Reserve (PIN 11471102), North Jindong

Referral determination

The Department of Water and Environmental Regulation has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

- a clearing permit is required for the proposed clearing of 0.001 hectares of native vegetation within the area outlined in orange on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in section 51DA(4) of the EP Act. For example, it is considered that:

- known or likely significant environmental values occur in the area (priority ecological communities), and
- there are issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.
