|--------------------------------|---------------------------------------|
| REF number: | REF 9590/1 |
| Referral submitted by: | McDougall Quarries Pty Ltd |
| Purpose of proposed clearing: | Construction of a limestone hardstand |
| Proposed clearing size: | 0.74 hectares |
| Location of proposed clearing: | Lot 9 on Diagram 41076 |

Referral determination:

The Department of Water and Environmental Regulation has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

- a clearing permit is required for the proposed clearing of the areas outlined orange on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- there are known or likely significant environmental values identified within the area
- there are issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment
