

CLEARING REFERRAL DETERMINATION NOTICE

Referral details

REF number:	REF 9737/1
Referral submitted by:	Department of Education
Purpose of proposed clearing:	Infrastructure and landscaping
Proposed clearing size:	0.44 hectares
Location of proposed clearing:	Lot 505 on Deposited Plan 64914 (Crown Reserve 37597), Duncraig

Referral determination:

The Department of Water and Environmental Regulation has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

- a clearing permit is required for the proposed clearing of the areas cross-hatched orange on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- the area proposed to be cleared (the area) is not small relative to the total remaining vegetation —
 - within the region in which the area is situated
- there are known or likely significant environmental values identified within the area, and
- there are issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.
