

CLEARING REFERRAL DETERMINATION NOTICE

Referral details

REF number:	REF 9808/1
Referral submitted by:	Western Australian Land Authority trading as Development WA
Purpose of proposed clearing:	Demolition of the Coal Tippler and development of associated underground infrastructure at East Perth Power Station
Location of proposed clearing:	Lot 602 on Deposited Plan 57640, East Perth
Application size	Three (3) native trees: <ul style="list-style-type: none">• Tree 1 (Easting 394144, Northing 6464879)• Tree 2 (Easting 394138, Northing 6464880)• Tree 3 (Easting 394140, Northing 6464883)
Expiration date	27 July 2024

Referral determination

The Department of Water and Environmental Regulation has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

a clearing permit is not required for the proposed clearing of the areas cross-hatched green on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing satisfies all of the criteria specified in section 51DA(4) of the EP Act. Specifically:

- the area proposed to be cleared (the area) is small relative to the total remaining native vegetation —
 - within the region in which the area is situated, and
 - of the ecological community of which the native vegetation proposed to be cleared forms part, and
- there are no known or likely significant environmental values identified within the area
- the state of scientific knowledge about native vegetation within the region in which the area is situated is adequate, and
- there are no issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.

Prime House, 8 Davidson Terrace Joondalup Western Australia 6027

Locked Bag 10 Joondalup DC WA 6919

Telephone: 08 6364 7000 Facsimile: 08 6364 7001

www.dwer.wa.gov.au

Please note that this determination is valid only until the expiration date specified above. After this date, you will need to submit a new clearing referral or apply for a clearing permit before undertaking further clearing of native vegetation.

Yours sincerely
