

CLEARING REFERRAL DETERMINATION NOTICE

Referral details

REF number:	REF 9934/1
Referral submitted by:	APT Parmelia Pty Ltd
Purpose of proposed clearing:	To grade an access track
Location of proposed clearing:	Lot 11090 on Deposited Plan 175773

Referral determination:

The Department of Mines, Industry Regulation and Safety has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

- a clearing permit is required for the proposed clearing of the area(s) cross-hatched orange on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- there are issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment, given its proximity to Coomaloo Nature Reserve.
